B. Purpose

It is the purpose of this CONTRACT to maintain and increase individual productivity and quality of services, to prevent any interruptions of work and interference with the efficient operation of the CITY; and to set forth the full and complete agreement between the parties concerning wages, hours of work and conditions of employment.

C. Negotiations

The CITY agrees to negotiate only with the UNION through its negotiating agent or agents officially designated by the UNION to act in its behalf. The CITY further agrees that neither it nor any of its officials or agents will attempt to negotiate privately or individually with any member or members.

The UNION recognizes the CITY as the duly elected representative of the people and agrees to negotiate only with the CITY through the negotiating agent or agents officially designated by the City Council to act in its behalf. The UNION agrees further that neither it, nor any of its members or agents, will attempt to negotiate privately or individually with any Council member, manager or other person or persons.

D. New classifications

In the event the CITY establishes a new classification in the unit, the classification title, classification specification and proposed salary range shall be forwarded to the UNION for review and comment. If the UNION agrees with the salary range, it shall so notify the CITY within fourteen (14) calendar days. If the UNION disagrees with the proposed salary range, it shall notify the CITY within fourteen (14) calendar days and meet with the City consistent with ORS 243.698. In any event, the City shall not be barred from implementing the classification and proposed wage scale during the term of negotiations. The CITY agrees to give consideration to alternatives such as work force reduction by attrition, transfers to open vacancies and preferential rehiring when such contracting action will affect the employment level. B. Public Works Alternate Work Week Schedule

During the months of approximately May – mid-September of each year, Public Works departments, as designated, may be requested, based on operational needs, to work an alternate 9-80 work schedule. The 9-80 work schedule will consist of a two (2) week work schedule consisting of the first work week based on four (4) nine (9) hour days followed the next day with a 4 hour shift to complete the work week. A new work week would begin on the same day with a four hour work day, two days off and then four (4) nine (9) hours days followed by three (3) days off. The 9/80 schedule is intended to result in a 40 hour work week and not intended to incur overtime obligations.

Employees on this schedule shall receive overtime for all authorized work in excess of nine (9) hours for each scheduled nine (9) hour work day or 40 hours in a work week (Friday to Friday). For the purposes of this section, sick leave and vacations shall be on an hour for hour basis. Holidays shall be eight (8) hours per day per scheduled shift for both eight and nine (9) hour shifts. Employees may use one hour of vacation or comp time for full pay on a nine (9) hour shift. Use of paid leaves does not count as hours worked.

C. Workday (Split shift)

In the case of a split shift, the time an employee works in a day, after twelve (12) hours from the time an employee initially reports for work, shall be considered overtime.

D. Work Shift

All shifts shall have a starting and quitting time established by the CITY.

E. Lunch & breaks

All employees who are scheduled to work six (6) or more consecutive hours shall be granted an unpaid lunch period of thirty (30) to sixty (60) minutes. Such lunch periods shall be scheduled as near as possible to the midpoint of the work schedule consistent with the CITY's need to provide service to the public.

All employees shall receive a fifteen (15) minute rest period for each four hours worked consecutively. If possible, such rest period shall be scheduled near the midpoint of the four-hour work period.

F. Work Schedule Changes

The CITY agrees it will not change the workweek to a four day work week, ten hour day schedule for any employee more than once per calendar year. If the CITY wishes to change the workweek for any employee to a four day work week, ten hour day schedule more than once per calendar year, the consent of the-UNION shall be required. Return from the four day work week, ten hour day schedule to the original work week shall not count as a change in the work week.

Notice of changes to seasonal and regular work schedules, other than temporary schedule changes, shall be posted ten (10) working days prior to the effective date of the change.

At least five (5) working days' notice shall be given to an employee prior to a temporary change for situations such as training, events or meetings outside of normal working hours.

If the five (5) day notice period is not given, the employee shall be compensated at the overtime rate for all hours worked outside the regular schedule until such notice is met.

If the City provides less than twenty-four (24) hours of notice the call-back provisions in Article 9 (B) shall apply.

Notwithstanding the above, a notice period is not required in the following circumstances:

- 1) In the case of an emergency and for the duration thereof per Article 6 G 1;
- 2) Mutual agreement between the City and the employee.

G. Emergency Schedule Changes

If there is an emergency situation such as inclement weather that requires 24-hour operations the City may convert to a 24-hour operation immediately. In that instance anyone who is currently working will be allowed to finish any portion or all of their shift or go home unless that is the shift they are scheduled to fill for emergency situations. If an employee goes home, they may either take the time off as Leave without Pay (LWOP) or any accrued leave other than sick leave. If an employee works a swing or graveyard shift within the first 24 hours of the activation that employee will receive double time (call back rate) for that shift. Any subsequent shifts will be at straight time.

If the emergency operation is called off before midnight, all employees will resume their normal work schedule the following day and return to their normal straight time rate of pay for hours worked.

If an emergency operation is called off between midnight and 7 a.m.:

1. Those that have worked swing shift (generally 3 pm to 11 pm) will be given the option of working the day shift at straight time, or taking LWOP or using any accrued leaves other than sick leave to cover the absence.
2. Those that are working the graveyard shift (generally 11 am to 7 am) will be given the option of staying up to six (6) hours more on the day shift at time and ½ for any hours over eight (8) in a shift.
3. Those scheduled to normally work the day shift (generally 7 am to 3:30 pm) will be expected to

report to work as already scheduled at a straight time rate of pay.

H. Flex-arrangements

The grievance procedures set forth in this agreement shall not apply to flex arrangements.

1. Flex-time on infrequent basis

Employees may request flexible scheduling which permits infrequent modification of hours of work on a case-by-case basis. The purpose of this flexibility is to allow employees the ability to adjust the hours of a work shift. Such a modification is not automatic and is subject to approval of the supervisor and must meet the business needs of the City. A flexible work schedule shall still total forty (40) hours per week. Utilization of flexible scheduling must meet the following criteria:

- Not exceed four hour variance per day
- Be mutually beneficial to employees and the City
- Not negatively affect other employees
- Not impede customer service or normal work process
- Not generate additional labor costs or overtime
- Occur during the same work week.

Employee requests for flexible scheduling must be submitted to the supervisor seventy-two (72) hours in advance where feasible and in writing or by e-mail, unless the City waives said requirements. The supervisor must respond in writing or by e-mail.

2. Flex-time – Regular change to schedule

Employees may request a flexible schedule, which permits a modification to the regular work hours per day or days of work per week. Such a modification is not automatic and is subject to approval of the supervisor and must meet the business needs of the City. A flexible work schedule shall still total forty (40) hours per week. Adjustments to hours of work must:

- Not exceed ten (10) hours of work per day
 - Be mutually beneficial to employees and the City of Milwaukee
 - Not negatively affect other employees
 - Not impede customer service or normal work process
 - Not generate additional labor costs or overtime
- a) Requesting a modified work schedule on a regular basis.
 - b) Employee requests for flexible scheduling on a regular basis must be submitted at least two (2) weeks in advance and in writing or e-mail, unless the City waives said requirements. The supervisor must respond in writing or by e-mail and provide a copy of the request and response to Human Resources. Any approved changes will be documented in the employee's personnel file.
 - c) A regular change to schedule to permit flextime may only be requested once in a twelve-month period of time. However, an employee may have their schedule reverted back to a

five (5) day eight (8) hour day during the same twelve months at either the request of the City or the employee.

- d) Either the City or the employee may revert back to a non-flex work schedule with two (2) weeks of notice to the other party.

2. Impact on Overtime

The overtime provisions outlined in Article 9 of this contract will still apply. Overtime work must be pre-approved by a supervisor.

3. Job share

At the CITY's discretion, more than one employee may occupy a single authorized position, as job share employees each working no less than .5 FTE.

- a) The conversion of a position from full time to Job Share status must originate with a written request from the employee occupying the full-time position to the Human Resources Director. The CITY shall notify the employee requesting the job share of the CITY's decision in writing. Current employees in the department in which the position is created will have the first opportunity to apply for the job share position(s).
- b) Job sharing employees shall accrue vacation leave, sick leave and holiday pay based on a prorate of hours worked.
- c) Job sharing employees shall be entitled to share the full Employer paid insurance benefits for one (1) full time position based on a prorate of regular hours scheduled per week or month, whatever is appropriate (Reference Article 3, Section C). In any event, the Employer contribution for insurance benefits in a job share position is limited to the amount authorized for one (1) full-time employee.

I. City Closure

1. Emergencies/Inclement Weather

Jointly, we recognize that in times of emergency, employees will perform best if they know that their families are safe and secure. We will provide reasonable time for employees to contact their family and make necessary arrangement for their family's safety and security, so long as the lives and property of Milwaukie residents are not placed in jeopardy. Off-duty labor or management personnel will do what they can to assist families of on-duty workers as much as possible.

Employees in Public Works are considered to be essential personnel, and unless otherwise excused, must report to work in emergencies and in inclement weather situations. EOC (Emergency Operations Center) staff are considered to be essential personnel and unless otherwise excused, must report to work in emergencies when the EOC is activated.

2. Inclement Weather/Emergency Procedures

If an employee is advised by the City Manager or a department head not to report to work for other than a layoff or is sent home prior to the end of the shift for other than disciplinary reasons, the employee shall be paid their regular rate of pay.

If an employee is unable to come to work due to inclement weather conditions, the employee may request to: 1) make up the time during the week of absence; or 2) use accrued leave banks, other than sick leave, to cover the time off of work. If the employee elects to make up the

time, it is subject to the approval of the supervisor consistent with the needs of the CITY so as not to incur overtime costs. In the event the employee does not select one of the above options, the absent hours will be taken out of the employee's largest leave bank other than sick leave. It is the employee's responsibility to check the CITY'S inclement weather line to see if they are to report for work. It is the CITY'S responsibility to have the inclement weather line updated by 6 a.m. on the morning of any CITY closure.

In emergency operations situations, the department head or designee shall be responsible for assignments of duties, as needed, to perform the tasks necessary for service continuance. Staff assignments, to the extent possible, shall be rotated through qualified personnel and posted in the JCB lunchroom and available through each Public Works Supervisor.

Essential employees required to work after the City Manager closes city buildings and sends non-essential employees home will receive time and one-half (1½) pay for hours worked during this closure that would have been during normal business hours of the City (Monday through Friday, excluding weekends and holidays), but not for any time that the employee receives double time pay under Section G of this Article. Compensation shall not be paid twice for the same hours.

ARTICLE 7 – WAGES

A. Salary schedule

Wage rates for all classifications covered by this contract are contained in Appendix A of this CONTRACT. The negotiated cost of living increase will be added to Range 1.0 Step A; from there the remainder of the schedule is developed with 5% differences between ranges and steps, except for the positions of Utility I and Mechanic.

B. General Increases and Range Adjustments.

General Increases:

Effective and retroactive to July 1, 2018, the cost of living wage increase of 2.5% will be applied as stated above.

Effective July 1, 2019, the cost of living wage increase of 2.75% will be applied as stated above.

Effective July 1, 2020, the cost of living wage increase of 3.0 % will be applied as stated above.

Range Adjustments:

Effective upon July 1, 2018 or the first payroll following execution, the later, the following classifications and ranges will be adjusted as follows:

The classification of Mechanic will move to Range 59. Range 58.5 will be deleted.

Range 57 will be adjusted to be 5% over Range 56. The classification of Associate Engineer will move from Range 62 to 63.

These adjustments will occur secondary to the general increases.

C. Longevity Pay

To recognize the importance of employee retention and reward employees for their dedication to the City, employees will receive a premium of 1% of base pay per pay period after ten (10) years (after 120 months) of service. After fifteen (15) years of service, an employee will receive a total of two (2%) additional to base pay. After twenty (20) years of service an employee shall receive a total of three (3%) of base pay. Effective January 1, 2019, the “20 year” tier will change to 4%.

D. Classification Review.

The Union may request Human Resources to review an employee’s job description and current duties in effort to align job descriptions and work duties. Human Resources will make best effort to provide a review within 30-60 days of request with the understanding that Human Resources is a department of limited resources and may only handle up to 4-5 reviews per year. This provision does not create any obligation to bargain wages or working conditions and review is not subject to grievance. Assignment of work remains a management right. In the event the City determines that a change in classification is needed, the City will approach the Union for further discussion.

ARTICLE 8 – ADDITIONAL COMPENSATION

A. Assignment

1. Working Out of Class (WOC)

Employees assigned by the department head or designees to perform the duties of a higher paid position within the bargaining unit or non-supervisory management duties will receive an additional premium. The premium rate will be the first step in the higher range that allows for at least a 5% increase in base hourly rate but in no case more than a 10% increase.

2. Acting in Capacity (AIC)

If an employee is assigned in writing to act in capacity for a supervisor (non- bargaining unit level supervisor) for one full work day or more the employee will be eligible for an additional premium. Employees assigned to work as a non-bargaining unit supervisor will receive an additional premium of 10% base hourly pay for the period of the assignment

Nothing in this Article shall be interpreted as a guarantee that an employee shall be assigned to work out of classification or AIC in the absence of another employee.

An employee performing duties out of classification for training and development purposes shall be so informed in writing and it shall be mutually agreed to by the supervisor and the employee. The notice shall state the purpose and length of the assignment. During this training, there shall be no extra pay for the work. A copy of the notice shall be placed in the employee’s personnel file.

3. On-Call:

At the discretion of the City, employees may be assigned to on-call status in order to meet the operational needs of the City. The City will first seek volunteers to fill assignments, and if insufficient volunteers are available, the City will make the assignment. Nothing in this section shall be construed to abridge management's right to assign supervisory staff to these assignments. Supervisory staff must be qualified for the respective standby assignment. Employees assigned to on-call assignment must be readily available to report to work within a reasonable period of time (around 30 min.) as directed by the Department Head. Periods of assignment for On-Call are not considered compensable hours worked. Employees assigned to On-Call may be required to carry an electronic communication device.

Insofar as practical, all qualified personnel will be afforded the opportunity to participate an equal number of times in the On-Call program for which they are qualified to be assigned. During On-call periods, employees shall be compensated:

a) **Compensation.** Employees assigned to on-call by will receive the additional premium equivalent 1.5 hours of straight pay for every calendar day of assignment, or as prorated for the assignment. For Stand-by assignment on a holiday (24 hours of the actual day), the premium will be the equivalent of 3.0 hours of straight pay for the 24-hour period of assignment. Employees may also elect to receive this payment as accrual in their compensatory time bank. If an employee is WOC or AIC during the day and required to carry a Pager or City cell phone after regular work hours, the employee will receive both WOC or AIC and On-Call pay.

b) **Telemetry/SCADA Response Assignment**

To qualify for the Telemetry/SCADA response assignments employees must be adequately trained on the Telemetry (SCADA) system and be SCADA trained. Compensation for this section is the same as "on-call" above.

4. Specialty Pay

The CITY may assign employees who provide knowledge, skill or ability to the CITY that is not a part of their regular job description and is not considered "working out of class" to a specialty assignment. Employees who have a specialty assignment are eligible for specialty pay for hours worked as part of that assignment.

a) **Approval**

An employee may be placed on a specialty assignment by a written request of the employee's department head. This request must be approved by the Human Resources Director prior to the commencement of the specialty assignment. The Human Resources Director will consider requests for specialty assignments based on the following criteria: (1) the CITY needs and will use a special skill, ability or knowledge of the employee; (2) the special skill, ability or knowledge the employee uses outside the job classification of the employee; and (3) the special skill, ability or knowledge of the employee may be acknowledged by a certification or degree program. The Human Resources Director will reach a decision within fourteen (14) calendar days from receipt of the written request of the employee's department head.

b) **Rate**

Employees who have been placed on a specialty assignment shall be compensated at the

first step in the higher range that allows for a five (5%) increase but in no case shall the specialty pay exceed ten (10%) more than the employee's regular rate for the actual hours worked on the specialty assignment. The actual rate of pay will be determined by the Human Resources Director as part of consideration of the request. The amount of training required to acquire the special skill, ability or knowledge of the employee will be considered in determining the actual rate of pay.

c) Time limit

If the employee does not receive an answer within fourteen (14) calendar days from making their request of their supervisor or if the employee does not agree with the supervisor's response, the employee may request that the Human Resources Director investigate the request. The request to the Human Resources Director shall be within fourteen (14) calendar days of knowledge of the above inaction by the supervisor or receipt of supervisor's decision. The Human Resources Director will make a decision within fourteen (14) calendar days of receipt of said request.

Use of paid leaves (such as: sick, vacation, holiday, floater hours, compensatory time) does not count as hours worked for the purposes of determining the obligation to pay overtime compensation.

B. Regular day off:

1. Call-back

A call back is defined as a request for the employee to respond to the site when not regularly scheduled to work. It does not include situations that are resolved via a telephone/email response, etc, which will be paid hour for hour unless de minimis. A de minimis contact, such as an isolated phone call by management to an employee, lasting around 5 minutes or less is not compensable.

All call-backs will be double time for actual time worked outside the normal work schedule. The CITY agrees to guarantee a minimum of two (2) hours on all call backs. This means that if an employee is called back and works less than two hours they will be paid double time for two hours, and if the employee works more than two hours, the employee will be paid double time for actual time worked. Time towards call back begins when the employee arrives at the CITY facility or job site (whichever is first) and ends when the employee leaves the CITY facility or job site (whichever is last).

If an employee is called back more than once during the initial two (2) hour call back, the employee will not receive an additional two (2) hour minimum call back for the additional call backs as long as the employee is still out on a call.

2. Electronic Remote Response

An electronic remote response is defined as authorized work, by an employee, where the employee does not physically report to a work location but performs an authorized work function through electronic access.

An employee who is called to work outside of their scheduled shift and responds by means of an electronic remote response shall be paid at the rate of time and one-half the employee's normal pay rate for all hours worked. Such compensation shall not be paid twice for the same hours. Remote response is not considered call-back.

C. Compensatory Time Off (CTO)

1. Provision

Employees shall be compensated for overtime either in the form of compensation or compensatory time off (CTO), if the employee so chooses.

2. Cap

An employee will not be allowed to accumulate more than eighty (80) hours of compensatory time off during the fiscal year and the amount must be reduced to no more than sixty (60) hours by the end of the fiscal year. After eighty (80) hours of compensatory time accumulation, the CITY will pay out any additional overtime earned. By the last day of the last pay period for the fiscal year, June 23rd, the employee must reduce their compensatory time off bank to sixty (60) hours or the CITY will pay out any hours over sixty (60).

3. Sell back

An employee may "sell back" for payment up to forty (40) hours of accrued compensatory time off per fiscal year. The employee may sell back twice per fiscal year, only in December and June, and must submit a request to Administration/Payroll by the 1st working day of the month or per Payroll instructions. The City will make best efforts to inform employees in advance when the "sell back" time is approaching.

ARTICLE 10 – SENIORITY AND PROBATIONARY PERIOD

A. Seniority

1. In class

Seniority for both full time and part time employees shall mean length of an employee's service within the job classification. Unpaid leaves of absence shall not be included in determining length of service. Termination of employment, except by reason of staff reduction, shall result in loss of seniority. If an employee should subsequently be hired again by the CITY, their most recent date of hire shall become the date from which seniority is determined.

B. Probation

1. Length

All Employees will serve initial six (6) month probation when newly hired and when placed in a new classification through a selection process. The CITY may extend the six month probationary period for up to three additional consecutive months when, in its judgment, such is necessary to fairly evaluate the employee's performance.

2. Initial Probation

Employees who have not completed the initial six (6) month probationary period shall be covered by all terms and conditions of this CONTRACT except that the CITY may terminate the employee without just cause. Termination is not subject to grievance

3. Subsequent Probation Periods

If an employee has completed one full initial probationary period or a full (six) 6 months of employment if promoted prior to the end of the initial probationary period then the following will apply. A promoted employee will be given a performance review near the midpoint of the probationary period.

The City may demote an employee on promotional probation if the employee is unable to successfully complete the probation of the higher-level classification due to performance issues. If these performance issues would not impact the employee's ability to perform the duties of the lower level position, the employee shall be returned to a position in the employee's former classification if such position is budgeted and approved for filling and if the employee has more seniority than any other employee in the former classification who would be laid off as the result of such action. If the actions of the employee warrant discipline, provisions of Article 15 and 16 shall apply.

ARTICLE 11 – VACATIONS

Vacations

1. Eligibility

Employees shall be permitted to use accumulated vacation benefits after six (6) months of employment. If an employee becomes ill while on vacation, the time off shall be counted as vacation unless their illness requires seeing a doctor in an emergency room, urgent care or being admitted to a hospital. If an employee leaves City employment for any reason prior to completion of six (6) full months of employment, vacation time will not be paid to the employee.

2. Vacation Scheduling

Approval of vacation leave requests shall be at the discretion of the CITY. After an employee requests leave, the supervisor shall have ten (10) calendar days to respond in writing. No response shall indicate the leave request is granted.

Vacations will be scheduled by seniority within work units whenever feasible. However, employees may only use seniority bidding one time per year.

For the library staff the following shall apply:

Vacation requests will be approved in order of receipt for any particular day. The first LA 1, LA 2 or Librarian to request a day off will have the request approved. Other requests will be approved based on business needs. Once a request is submitted, the Supervisor will reply within ten (10) days. If no answer is received in ten (10) days then the request will be considered granted. An approved time off request will not be affected by hours or staffing changes. Time off requests will be submitted through normal vacation request procedures.

If the time off request is submitted ten (10) days in advance and there is need for additional coverage during the requested time off, the employee will have the option of trading hours to minimize the amount of vacation time used. If the employee does not agree to trade hours, the Supervisor will arrange for coverage and the employee will use accrued leave for time off. When extra coverage is needed, hours will be offered to regular status employees first to the extent it does not impact an employee's overall FTE status. If there are no employees who want the additional hours, the supervisor will contact on-call employees to meet the scheduling needs. If the request is made with less than ten (10) days of notice, management will try to accommodate the request to the best of their ability.

Employees granted vacation time during spring break (as determined by the North Clackamas School District) of the previous year may not apply for time off during spring break of the current year until on or after January 1st of the current year. Employees who were granted vacation time during the last two weeks of the previous year may not apply for time off during the last two weeks of the current year until on or after September 1st of the current year.

3. Accrual rate

6. Off-Season Vacation Bonus Program

The CITY wishes to encourage Public Works and Building regular full-time employees to utilize their vacation time throughout the fiscal year in order to reduce overtime. The program will be implemented, at the discretion of the CITY, ensuring that customer service needs are met, productivity is maintained, and there is no overtime expense, paid or compensatory time off. Therefore, this bonus program for off-season vacation scheduling is not available when the minimum staffing needs, as determined by the CITY, are unmet and there is overtime cost associated with approving the requested bonus vacation.

The CITY offers eight (8) hours bonus vacation time off with pay for every thirty-two (32) consecutive vacation hours off taken between November 1 and April 30, excluding the period from December 15 through December 31. No more than two eight-hour blocks of vacation bonus hours (16 hours) can be earned and taken each fiscal year. Employee compensation will not be reduced as a result of the City's payment of employee contributions.

ARTICLE 16 – LAYOFF AND RECALL

A. Layoff

1. Order of Layoff

In the event of an FTE reduction, the CITY will lay off employees based upon inverse order of seniority in the classification in which the reduction is occurring. A layoff is a separation of employment. The City reserves the right and discretion to set staffing levels. Within the effected classification, all non-bargaining unit employees will be terminated or laid off before any bargaining unit employee is laid off.

Seniority shall mean length of an employee's service within the job classification. Unpaid leaves of absence shall not be included in determining length of service. Termination of employment, except by reason of FTE reduction, shall result in loss of seniority. If an employee should subsequently be hired again by the CITY, his most recent date of hire shall become the date from which seniority is determined.

- 2. Notice** Employees shall receive thirty (30) days written notice of layoff, provided that if the City Council determines an emergency situation exists, employees shall receive a minimum of fourteen (14) days of notice. If an employee does not elect to bump, the City may pay an employee equivalent wages for the remaining regularly scheduled work days, including holidays, in lieu of continued employment during the 30-day period.

3. Bumping Rights

In the event of a workforce reduction, bargaining unit employees to be laid off from a job classification may elect within ten (10) calendar days to bump into a lateral or a lower classification in the bargaining unit so long as:

- a) The employee has previously served in such classification and completed the probationary period, or the employee has demonstrated current possession of the required classifications, licenses, knowledge, skills and abilities to meet the minimum qualifications of the position.
- b) a vacancy exists or the employee subject to layoff has more seniority in service than an employee in the lower classification, and
- c) satisfactory performance in a probationary status to the lower or lateral classification which is not to exceed three (3) months. The City will provide reasonable training to assist the employee towards that endeavor. If the employee's performance is not satisfactory during the 3-month probationary period, the employee will be laid off.

Employees who are notified that they are eligible to bump into a lateral or lower level position in lieu of layoff must indicate their preference within ten (10) calendar days of receipt of such notice. Failure to respond in the time period will be deemed an agreement to accept layoff.

B. Recall

An employee who is laid off shall have preference for recall for any subsequent vacancy in the classification from which the employee was laid off or for any vacant position provided they possess the qualifications, licenses, knowledge, skills and abilities to meet the minimum qualifications of the position. Non-bargaining unit employees have no recall rights. Recall shall be in order based upon seniority with the CITY. Employees will be removed from the recall list only under the following circumstances:

1. Terms of removal from Recall List

- a) Upon written request of the employee.
- b) Upon acceptance of reappointment from the recall list.
- c) Retirement.
- d) Upon loss of physical or other qualifications for the job.
- e) Upon failure to respond to a certified recall letter sent to the employee's last known address within ten (10) calendar days of its having been mailed and/or to report to work within fourteen (14) calendar days if employed elsewhere.
- f) Upon a finding of just cause for discipline.
- g) g) Upon expiration of thirty (30) months from the effective date of the layoff.

Recalled employees shall be reinstated with seniority rights accumulated as of the date of the layoff. Sick leave accrued at the time of layoff will be reinstated when an employee is recalled.

A. Cause

Discipline may be imposed only for just cause. Any disciplinary action, other than an oral reprimand, may be processed as a grievance under Article 18.

B. Normally progressive

Disciplinary action shall normally be progressive, and may include but is not limited to:

- 1. Oral reprimand**
- 2. Written reprimand**
- 3. Suspension without pay**
- 4. Discharge**

C. Manner imposed

If the CITY has reason to discipline an employee, the CITY shall make a reasonable effort to impose such discipline in a manner that will not unduly embarrass the employee before other employees or the general public.

D. Due process

The CITY shall hold a due process hearing before imposing any discipline that will result in loss of pay or discharge.

E. Union representation

An employee has the right to have a UNION officer present at any interview when the employee has a reasonable belief that the interview is part of an investigation which could result in disciplinary action.

ARTICLE 18 – GRIEVANCE AND ARBITRATION

A. Grievance Procedure

Any dispute between the CITY and any employee covered by this CONTRACT concerning the CITY's interpretation or application of this CONTRACT, or a claim by such employee of breach or violation of the express terms of this CONTRACT, shall be deemed a grievance and shall be processed in accordance with the following procedure:

1. Step 1

The employee shall discuss the grievance on an informal basis with the employee's supervisor within fourteen (14) calendar days from the date the employee knows or should have known of the alleged violation. The employee may have a UNION representative assist him in presenting his case to his supervisor. If the grievance is not resolved within fourteen (14) calendar days by discussion with the supervisor, then the UNION representative may submit the grievance in writing to the supervisor within fourteen (14) calendar days on a UNION grievance form. Each statement of the grievance, at a minimum, shall contain the following information:

- a) A statement of the grievance and the relevant facts to support it; and
- b) The article and sections of the CONTRACT that have been breached; and
- c) A description as to exactly how this provision was breached; and
- d) A statement of the remedy or resolution being sought by the employee and the UNION; and
- e) Union president or representative signature.

The immediate supervisor shall respond to the employee and the UNION, indicating why the immediate supervisor denied the grievance, within fourteen (14) calendar days from receipt of the written grievance from the UNION.

2. Step 2

If the grievance is unresolved after Step 1, the UNION representative shall, within fourteen (14) calendar days from the time the UNION representative receives the written answer in Step 1, submit the grievance in writing to the department head together with a written statement indicating why the supervisor's response did not resolve the grievance. Within fourteen (14) calendar days the department head shall call a meeting with the employee and the UNION representative to discuss the grievance. This meeting may be waived by mutual consent of both parties. Within fourteen (14) calendar days after the meeting or from the date both parties agree not to hold a meeting, the department head shall submit his written decision to the employee and the UNION indicating why the department head denied the grievance.

3. Step 3

If the grievance is unresolved after Step 2, the UNION representative shall within fourteen (14) calendar days of receiving the written answer in Step 2 submit the grievance in writing to the City Manager, together with a written statement indicating why the department head's response did not resolve the grievance. Within fourteen (14) calendar days, the City Manager or their designee shall call a meeting of the parties to discuss the grievance. The City Manager shall give a written answer to the employee and the UNION, indicating why the City Manager denied the grievance, within fourteen (14) calendar days from the date of the meeting.

Mediation: If the Union is not satisfied with the decision provided by the City Manager at Step III, the Union may submit the grievance to mediation within fourteen (14) calendar days from either the City Manager's response or fourteen (14) calendar days from the due date of the response. The parties may mutually agree to a local mediator or use a mediator provided by the Employment Relations Board. Parties agree to share the cost of the mediator. Unless otherwise agreed by the parties, the period for mediation will be limited to 120 days, starting from timely notice of mediation by the moving party. The parties must meet at least one time and agree to meet in good faith to resolve the dispute. Termination cases are not subject to the mediation process and may move to the next step. The parties may mutually agree to forego mediation.

4. Step 4

If the grievance remains unresolved after Step 3, then the UNION shall notify the City Manager within fourteen (14) calendar days that arbitration procedures in Section C will be invoked.

B. Grievance Procedure Rules

Rules governing the grievance procedure shall be as follows:

1. Time limit waived

Any time limit specified in the grievance procedure may be waived by mutual written consent of both parties.

In the event the parties dispute timeline issues for matters submitted to arbitration, the arbiter will be limited to hear the timeliness arguments first, including any closing summation by the parties. The arbiter will then rule from the bench on the timeliness issue.

2. Failure of UNION

Failure of the UNION to submit the grievance in accordance with the time limits without waiver by both parties shall constitute abandonment of the grievance.

3. Failure of CITY

Failure by the CITY to submit a reply within the time limits specified in the CONTRACT will automatically move the matter to the next step* in the procedure provided that arbitration shall not be invoked unless and until both parties are fully aware in writing.

*The next step time line will be extended to a maximum of 30 days in order for the Union to respond.

C. Arbitration Procedures

1. Procedure

- a) After arbitration has been requested, the parties shall forthwith attempt to agree upon a single arbitrator. In the event the parties are unable to agree, a list of five arbitrators shall be requested from the Employment Relations Board of the State of Oregon. Each party shall alternately strike one name from the list received. A flip of a coin shall determine which party strikes first. The final name remaining shall be the sole arbitrator.
- b) The arbitrator shall exercise all powers relating to admissibility of evidence, conduct of the hearing and arbitration procedures.

2. Rules Governing Arbitration

In connection with any arbitration proceeding held pursuant to this CONTRACT, it is understood by both parties as follows:

- a) The arbitrator shall have no power to render a decision that will add to, subtract from or alter, change or modify the terms of this CONTRACT. The arbitrator's power shall be limited to interpretation or application of the express terms of this CONTRACT, and all other matters shall be excluded from arbitration.
- b) The decision of the arbitrator shall be final, conclusive and binding upon the CITY, the UNION and the employees involved.
- c) Any necessary expenses for the services of the arbitrator shall be paid by the losing party. If the arbitrator determines that there is no prevailing party, the arbitrator may apportion each party's cost as is equitable. Each party shall bear the cost of presenting its own case.
- d) The CITY and UNION agree that the arbitrator's decision should be in writing and should be made in thirty (30) days.
- e) The arbitration shall be limited to the specific issues raised in the written grievance filed by the UNION.
- f) All three levels of the grievance procedure shall have first been exhausted unless the parties invoke Section B (3) of the grievance procedures.

ARTICLE 19 – EFFECT OF PERSONNEL RULES

Articles in this CONTRACT contain provisions which may also be covered in the CITY Personnel and Administrative Policies and Procedures. The parties agree that in such cases the CONTRACT shall govern, and the parties waive any and all rights and remedies granted by the CITY Personnel and Administrative Policies and Procedures. All matters not prescribed by the language of this agreement may be administered for its duration by the City in accordance with the City Personnel and Administrative Procedures. Nothing in this contract will be construed as a waiver of the Union's ability to bargain changes that bestow an obligation to bargain upon the City, subsequently, these personnel rules are not incorporated into this agreement and are not subject to grievance.

ARTICLE 20 – PERSONNEL FILE

1. The City, by direction of Human Resources, maintains a secured personnel file for each employee. The file includes "Personnel Action Forms" and records of employee's job classification and employment status. The personnel file includes other records related to employment including disciplinary actions, commendations, and evaluations. Medical documentation is stored separately and in a secured file.
2. The City, upon twenty-four (24) hours' notice of request by an employee, will provide an employee the opportunity to review the employee's personnel file. An employee may receive one copy of the personnel file, either as a hard copy or electronic (as a scan) per year at no cost. An employee may respond in writing to any item placed in their personnel file. Such written response will become a part of the file.
3. Letters of oral reprimand will be considered stale after twelve (12) months from date imposed. A written reprimand will be considered stale after twenty-four (24) months from date imposed. A disciplinary sanction of suspension will be considered stale after thirty-six (36) months from date imposed. These timelines are not enforceable if the employee engages in similarly related conduct or job performance concerns during the timeline period. The City may use the documents to defend against legal action or for the purposes of impeachment or notice of rule.
4. Employees will have the opportunity to review and sign any personnel document that reflects any adverse personnel action, prior to such document being entered into the employee's personnel file. An employee's refusal to sign the document will have no effect or bearing on the execution of the adverse action. Should an employee refuse to sign said document, the responsible City representative will so state on the document, initial and date. If an employee disagrees with any statement of fact contained in said document, the employee may so indicate by attaching a written statement of reasonable length to said document at the time of review.

ARTICLE 21 – SAVINGS/WAIVER OF BARGAINING

A. Savings

Parties agree to expedited negotiations as provided by ORS 243.698.
